Ancestry.com. 1930 United States Federal Census [database on-line]. Provo, UT, USA: The Generations Network, Inc., 2002. Original data: United States of America, Bureau of the Census. *Fifteenth Census of the United States, 1930*. Washington, D.C.: National Archives and Records Administration, 1930. T626, 2,667 rolls.

Description:

Containing records for approximately 123 million Americans, the 1930 United States Federal Census is the largest census released to date and is the most recent census available for public access. The census gives us a glimpse into the lives of Americans in 1930, and contains information about a household's family members and occupants including: birthplaces, occupations, immigration, citizenship, and military service. The names of those listed in the census are linked to actual images of the 1930 Census. [Learn more...](#)

Description:

This database is an index to individuals enumerated in the 1920 United States Federal Census, the Fourteenth Census of the United States. It includes all states and territories, as well as Military and Naval Forces, the Virgin Islands, Puerto Rico, American Samoa, Guam, and the Panama Canal Zone. The census provides many details about individuals and families including: name, gender, age, birthplace, year of immigration, mother tongue, and parents' birthplaces. In addition, the names of those listed on the population schedule are linked to actual images of the 1920 Federal Census. [Learn more...](#)

Ancestry.com. 1930 United States Federal Census [database on-line]. Provo, UT, USA: The Generations Network, Inc., 2002. Original data: United States of America, Bureau of the Census. *Fifteenth Census of the United States, 1930*. Washington, D.C.: National Archives and Records Administration, 1930. T626, 2,667 rolls.

Description:

Containing records for approximately 123 million Americans, the 1930 United States Federal Census is the largest census released to date and is the most recent census available for public access. The census gives us a glimpse into the lives of Americans in 1930, and contains information about a household's family members and occupants including: birthplaces, occupations, immigration, citizenship, and military service. The names of those listed in the census are linked to actual images of the 1930 Census. [Learn more...](#)

Source Information:

Ancestry.com. 1930 United States Federal Census [database on-line]. Provo, UT, USA: Ancestry.com Operations Inc, 2002.

Original data: United States of America, Bureau of the Census. *Fifteenth Census of the United States, 1930*. Washington, D.C.: National Archives and Records Administration, 1930. T626, 2,667 rolls.

Description:

Containing records for approximately 123 million Americans, the 1930 United States Federal Census is the largest census released to date and is the most recent census available for public access. The census gives us a glimpse into the lives of Americans in 1930, and contains information about a household's family members and occupants including: birthplaces, occupations, immigration, citizenship, and military service. The names of those listed in the census are linked to actual images of the 1930 Census. [Learn more...](#)

Ancestry.com. 1930 United States Federal Census [database on-line]. Provo, UT, USA: The Generations Network, Inc., 2002. Original data: United States of America, Bureau of the Census. *Fifteenth Census of the United States, 1930*. Washington, D.C.: National Archives and Records Administration, 1930. T626, 2,667 rolls.

Description:

Containing records for approximately 123 million Americans, the 1930 United States Federal Census is the largest census released to date and is the most recent census available for public access. The census gives us a glimpse into the lives of Americans in 1930, and contains information about a household's family members and occupants including: birthplaces, occupations, immigration, citizenship, and military service. The names of those listed in the census are linked to actual images of the 1930 Census. [Learn more...](#)

Ancestry.com. 1930 United States Federal Census [database on-line]. Provo, UT, USA: Ancestry.com Operations Inc, 2002.

Original data: United States of America, Bureau of the Census. *Fifteenth Census of the United States, 1930*. Washington, D.C.: National Archives and Records Administration, 1930. T626, 2,667 rolls.

Description:
Containing records for approximately 123 million Americans, the 1930 United States Federal Census is the largest census released to date and is the most recent census available for public access. The census gives us a glimpse into the lives of Americans in 1930, and contains information about a household's family members and occupants including: birthplaces, occupations, immigration, citizenship, and military service. The names of those listed in the census are linked to actual images of the 1930 Census. [Learn more..](#)

Missouri Marriage Records, 1805-2002 record for Betty Lou Wood

APPLICATION FOR LICENSE TO MARRY

STATE OF MISSOURI,
County of Cape Girardeau

(AFFIDAVIT OF MALE)

I, Donald Eugene Sandgroff Jackson in the
County of Cape Gir and state of Miss desiring to procure a
License to Marry Betty Lou Wood of Jackson
in the County of Cape Gir and State of Mo
do solemnly swear, that I am of the age of twenty - 20 - years, and that the said
Betty Lou Wood is of the age of nineteen - 19 -
years; that we are both single and unmarried, and may lawfully contract and be joined in marriage;
that we are not first cousins; and that our marriage is not prohibited by any of the provisions of Sec-
tions 3361, 3364 and 3364-A of the Revised Statutes of Missouri, which read as follows:

SECTION 3361-R. S. 1939-Certain Marriages Prohibited.-Official Issuing Licenses to Certain Persons Guilty of Misdemeanor.
-All marriages between parents and children, including grand-parents and grand-children, of every degree, between brothers and
sisters of the half as well as the whole blood, between uncles and nieces, aunts and nephews, first cousins, white persons and negroes or
white persons and Mongolians, and between persons either of whom is insane, mentally imbecile, feeble-minded or epileptic, are prohib-
ited and declared absolutely void; and it shall be unlawful for any city, county or state official having authority to issue marriage licenses to
issue such marriage licenses to the persons heretofore designated, and any such official who shall issue such licenses to the persons afore-
said, knowing such persons to be within the prohibition of this section shall be deemed guilty of a misdemeanor; and this prohibition
shall apply to persons born out of lawful wedlock as well as those in lawful wedlock. (R. S. 1929, Sec. 2974.)

SECTION 3364-Laws 1943-Previous to any marriage in this state, a license for that purpose shall be obtained from the officer
authorized to issue the same, and no marriage hereafter contracted shall be recognized as valid unless such license has been previously
obtained, and unless such marriage is solemnized by a person authorized by law to solemnize marriage. Before applicants for a marriage
license shall receive a license, and before the Recorder of Deeds shall be authorized to issue a license, the parties to the marriage
must, at least three days before the date they desire such a license to be issued, present an application for the license to the Recorder of
Deeds. Upon the expiration of three days after the receipt of such application, duly executed and signed, the Recorder of Deeds shall issue
the license, unless one of the parties withdraws the application. Provided, however, that said license may be issued on order of the Circuit
or Probate court or a judge thereof in vacation of the County in which said license is applied for, without waiting three days as herein pro-
vided, such license being issued only for good cause shown and by reason of such unusual condition as to make such marriage advisable.
Any person violating the provisions of this section shall be deemed guilty of a misdemeanor. Common law marriages hereafter contracted
shall be null and void. Provided, however, that no marriage shall be deemed or adjudged invalid, nor shall the validity thereof be in
any way affected on account of any want of authority in any person so solemnizing the same under the next preceding section, if consum-
mated with the full belief on the part of the persons so married, or either of them, that they were lawfully joined in marriage.

SECTION 3364-A-Laws 1943-It shall be unlawful for the Recorder of Deeds of any County or City to issue a marriage license, to any
person, unless such person presents and files with such Recorder of Deeds a report of a negative laboratory serological test for syphilis
and an affidavit signed by the applicant that to his or her best knowledge and belief he or she is free from syphilis; or unless, in the case of
an applicant with a positive test, such applicant presents and files a certificate from a physician duly licensed to practice in the State of Mis-
souri stating that to his or her best knowledge and belief, after having made a thorough physical examination of such applicant, he or she
is not infected with syphilis, or if so infected is not in the stage of the disease wherein it is communicable either to the spouse or the off-
spring, which said physician's certificate shall have attached thereto a laboratory report of the test for syphilis made by such laboratory; or
unless a duly licensed physician presents a certificate stating that one of the applicants for a license to marry is on his or her death-bed
and unlikely to consummate the marriage or that an applicant is pregnant. The laboratory report of the negative blood test and the affi-
davit of the applicant, and the physician's certificate of health with the laboratory report of the test for syphilis attached thereto, shall
be made not longer than fifteen (15) days before the date of the issuance of the license and said license shall be void after ten (10) days
from the date of issuance.

Affiant further states to the best of his knowledge he is free from syphilis and that hereto at-
tached and made a part of this application is:

- (a) Report of laboratory serological test for syphilis, of affiant and the said _____
_____ of _____
in the State of _____
- (b) Certificate from physician duly licensed to practice in Missouri, that Affiant and the said
_____ of _____
and State of _____ have been examined and are not infected
with syphilis, or if infected are not in the stage where the disease is communicable; with lab-
oratory certificate attached.
- (c) Certificate from physician duly licensed in Missouri stating that _____
_____ of _____
in the State of _____ is on his or her death-bed and unlikely to con-
summate the marriage.
- (d) Certificate from physician duly licensed in Missouri that _____
_____ of _____ is pregnant.

(Strike out unused clauses.)

As required by Section 3364-A Article 1, Chapter 20, Revised Statutes of Missouri, enacted by the
62nd General Assembly,

Subscribed and sworn to before me, this 6 day of Apr., 1948
At 10 o'clock, 35 minutes a M.

A. A. Schade
Recorder of Deeds.

By _____ Deputy.

Missouri Marriage Records, 1805-2002 record for Betty Lou Wood

APPLICATION FOR LICENSE TO MARRY

STATE OF MISSOURI,
County of Cape Girardeau

(AFFIDAVIT OF MALE)

I, Hargold Eugene Sandgraff Jackson in the
County of Cape Gir and state of Ind, desiring to procure a
License to Marry Betty Lou Wood of Jackson
in the County of Cape Gir and State of Mo
do solemnly swear, that I am of the age of twenty - 20 - years, and that the said
Betty Lou Wood is of the age of nineteen - 19 -
years; that we are both single and unmarried, and may lawfully contract and be joined in marriage;
that we are not first cousins; and that our marriage is not prohibited by any of the provisions of Sec-
tions 3361, 3364 and 3364-A of the Revised Statutes of Missouri, which read as follows:

SECTION 3361-R. S. 1929-Certain Marriages Prohibited.-Official Issuing Licenses to Certain Persons Guilty of Misdemeanor.
-All marriages between parents and children, including grand-parents and grand-children, of every degree, between brothers and
sisters of the half as well as the whole blood, between uncles and nieces, aunts and nephews, first cousins, white persons and negroes or
white persons and Mongolians, and between persons either of whom is insane, mentally imbecile, feeble-minded or epileptic, are prohib-
ited and declared absolutely void; and it shall be unlawful for any city, county or state official having authority to issue marriage licenses to
issue such marriage licenses to the persons heretofore designated, and any such official who shall issue such licenses to the persons afore-
said, knowing such persons to be within the prohibition of this section shall be deemed guilty of a misdemeanor; and this prohibition
shall apply to persons born out of lawful wedlock as well as those in lawful wedlock. (R. S. 1929, Sec. 2974.)

Income	50.5	1.5	1	7
Education	51.0	1.5	1	7
Gender	51.5	1.5	1	7
Age	52.0	1.5	1	7

The data was collected from a survey of 1000 participants. The survey included questions about demographic information (age, gender, education, income, marital status, employment) and psychological well-being (life satisfaction, stress level, depression score, loneliness score, self-esteem score, resilience score, optimism score, gratitude score, forgiveness score, compassion score, kindness score, generosity score, patience score, perseverance score, endurance score, stamina score, strength score, power score, authority score, leadership score, influence score, impact score, legacy score, reputation score, glory score, honor score, respect score, admiration score, appreciation score, validation score, confirmation score, assurance score, encouragement score, support score, help score, assistance score, service score, contribution score, participation score, involvement score, engagement score, commitment score, dedication score, devotion score, attachment score, connection score, relationship score, association score, linkage score). The data was analyzed using descriptive statistics and correlation analysis. The results show that there is a positive correlation between age and life satisfaction, and a negative correlation between age and stress level. There is also a positive correlation between education and life satisfaction, and a negative correlation between education and stress level. The data suggests that higher education and income are associated with higher life satisfaction and lower stress levels. The data also shows that there is a positive correlation between life satisfaction and self-esteem, and a negative correlation between life satisfaction and depression. The data suggests that higher life satisfaction is associated with higher self-esteem and lower depression. The data also shows that there is a positive correlation between life satisfaction and resilience, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher resilience and lower stress. The data also shows that there is a positive correlation between life satisfaction and optimism, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher optimism and lower stress. The data also shows that there is a positive correlation between life satisfaction and gratitude, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher gratitude and lower stress. The data also shows that there is a positive correlation between life satisfaction and forgiveness, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher forgiveness and lower stress. The data also shows that there is a positive correlation between life satisfaction and compassion, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher compassion and lower stress. The data also shows that there is a positive correlation between life satisfaction and kindness, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher kindness and lower stress. The data also shows that there is a positive correlation between life satisfaction and generosity, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher generosity and lower stress. The data also shows that there is a positive correlation between life satisfaction and patience, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher patience and lower stress. The data also shows that there is a positive correlation between life satisfaction and perseverance, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher perseverance and lower stress. The data also shows that there is a positive correlation between life satisfaction and endurance, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher endurance and lower stress. The data also shows that there is a positive correlation between life satisfaction and stamina, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher stamina and lower stress. The data also shows that there is a positive correlation between life satisfaction and strength, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher strength and lower stress. The data also shows that there is a positive correlation between life satisfaction and power, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher power and lower stress. The data also shows that there is a positive correlation between life satisfaction and authority, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher authority and lower stress. The data also shows that there is a positive correlation between life satisfaction and leadership, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher leadership and lower stress. The data also shows that there is a positive correlation between life satisfaction and influence, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher influence and lower stress. The data also shows that there is a positive correlation between life satisfaction and impact, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher impact and lower stress. The data also shows that there is a positive correlation between life satisfaction and legacy, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher legacy and lower stress. The data also shows that there is a positive correlation between life satisfaction and reputation, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher reputation and lower stress. The data also shows that there is a positive correlation between life satisfaction and glory, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher glory and lower stress. The data also shows that there is a positive correlation between life satisfaction and honor, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher honor and lower stress. The data also shows that there is a positive correlation between life satisfaction and respect, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher respect and lower stress. The data also shows that there is a positive correlation between life satisfaction and admiration, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher admiration and lower stress. The data also shows that there is a positive correlation between life satisfaction and appreciation, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher appreciation and lower stress. The data also shows that there is a positive correlation between life satisfaction and validation, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher validation and lower stress. The data also shows that there is a positive correlation between life satisfaction and confirmation, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher confirmation and lower stress. The data also shows that there is a positive correlation between life satisfaction and assurance, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher assurance and lower stress. The data also shows that there is a positive correlation between life satisfaction and encouragement, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher encouragement and lower stress. The data also shows that there is a positive correlation between life satisfaction and support, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher support and lower stress. The data also shows that there is a positive correlation between life satisfaction and help, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher help and lower stress. The data also shows that there is a positive correlation between life satisfaction and assistance, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher assistance and lower stress. The data also shows that there is a positive correlation between life satisfaction and service, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher service and lower stress. The data also shows that there is a positive correlation between life satisfaction and contribution, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher contribution and lower stress. The data also shows that there is a positive correlation between life satisfaction and participation, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher participation and lower stress. The data also shows that there is a positive correlation between life satisfaction and involvement, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher involvement and lower stress. The data also shows that there is a positive correlation between life satisfaction and engagement, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher engagement and lower stress. The data also shows that there is a positive correlation between life satisfaction and commitment, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher commitment and lower stress. The data also shows that there is a positive correlation between life satisfaction and dedication, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher dedication and lower stress. The data also shows that there is a positive correlation between life satisfaction and devotion, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher devotion and lower stress. The data also shows that there is a positive correlation between life satisfaction and attachment, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher attachment and lower stress. The data also shows that there is a positive correlation between life satisfaction and connection, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher connection and lower stress. The data also shows that there is a positive correlation between life satisfaction and relationship, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher relationship and lower stress. The data also shows that there is a positive correlation between life satisfaction and association, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher association and lower stress. The data also shows that there is a positive correlation between life satisfaction and linkage, and a negative correlation between life satisfaction and stress. The data suggests that higher life satisfaction is associated with higher linkage and lower stress.

Description:

This database is an indexed collection of the draft cards from the Fourth Registration, the only registration currently available to the public (the other registrations are not available due to privacy laws). The Fourth Registration, often referred to as the "old man's registration", was conducted on 27 April 1942. The records include name of registrant, age, birth date, birthplace, residence, employer information, and physical description. [Learn more...](#)

Source Information:
 Ancestry.com. 1920 United States Federal Census [database on-line]. Provo, UT, USA: Ancestry.com Operations Inc, 2010. Images reproduced by FamilySearch.

Original data: Fourteenth Census of the United States, 1920. (NARA microfilm publication T625, 2076 rolls). Records of the Bureau of the Census, Record Group 29. National Archives, Washington, D.C. For details on the contents of the film numbers, visit the following NARA web page: [NARA](#). Note: Enumeration Districts 819-839 are on roll 323 (Chicago City).

Description:
 This database is an index to individuals enumerated in the 1920 United States Federal Census, the Fourteenth Census of the United States. It includes all states and territories, as well as Military and Naval Forces, the Virgin Islands, Puerto Rico, American Samoa, Guam, and the Panama Canal Zone. The census provides many details about individuals and families including: name, gender, age, birthplace, year of immigration, mother tongue, and parents' birthplaces. In addition, the names of those listed on the population schedule are linked to actual images of the 1920 Federal Census. [Learn more...](#)
